

FOR FIRE TUBE BOILER

Cleaning for I.D. Tube 1.1/4

Model PCR-1X

Power Unit.

Power unit are produced with heavy heavy duty chassis, fitted
With the highest standard motor. And Push starters are fitted
With AMP. Overload to avoid damage

Specifications

- Electric motor 3HP., 2900 rpm.
- Power supply 380v. , 50HZ , 3 phase
- Push button starter with overload relays 3.7-5.5 Amp.,IP65
- Dimensions 320 x 500 x 400 mm.
- Weight 20 Kg.

HOSE FLEXIBLE SHAFT The Quality and long life Flexible Drive dry application.

Specifications.

- > Rubber casing heat and oil resistant.
- > Wire steel Reinforcement.
- > Coil steel in Flexible Casing for Flexible Shaft protection.
- > Flexible shaft is double wound in opposing layers made out of high tensile-spring steel wires, made to absolute-vibration
